About

BooksNest has been a space for me to create content through image and video since 2016 and over this time I've won three awards for my content including bCreator's Book Creator of the Year in 2021. I'm a trained social media manager so I have a wide knowledge of social platforms and combined with my degree in Film Production, I can make content that stands out and entertains. I specialise in book, travel, and lifestyle content and this is where my passions lie for the future of BooksNest.

"I loved working with Beth due to her professionalism in both communication with her clients as well as her posting. She communicated with me not just before the sale, but also during and after. She was transparent about when she would post as well as what the post would consist of and she followed up to make sure I had a clear understanding of the post results and was happy with them. Her photography never disappoints and she knows how to grab her audience's attention in order for her posts to achieve maximum engagement. Highly recommended."

- Marlena G, author of Terra Nova

"I had so much fun working with Beth on a campaign for our book subscription boxes and we get on well right from the start. She was more than happy to put together a custom package for my business and quickly understood what it was that I was looking for in this campaign. Beth truly is a ray of sunshine and the launch of our Autumn boxes wouldn't have been the same without her fantastic work!"
